NEW MEXICO STATE UNIVERSITY

As the state’s flagship institution, NMSU serves as the center of cultural and educational enrichment for a multicultural population of students and community members. We are a comprehensive research institution, fulfilling the state’s historic and unique mission as a land-grant and space-grant university. We are proud to work alongside and provide significant value to our many partners in New Mexico.

• NMSU is in the top ten of the U.S. News & World Report Best National Universities rankings. Critics include quality of teaching, great career prospects and graduation rates.

U.S. News & World Report’s list of Best National Universities for 2013 recognizes NMSU as one of the universities where students graduate with the least debt.

• The cutting-edge School of Arts and Sciences offers 51 specialized majors. Rankings are based on recruiting and graduating low-income students, producing cutting-edge research and encouraging students to give back to their community.

• Forbes ranks NMSU 13th in the nation among the best universities. "rankings are based on recruiting and graduating low-income students, producing cutting-edge research and encouraging students to give back to their country."

• The School of Architecture and Planning offers 30th among all U.S. colleges and universities without a medical school.

• According to the most recent NSF survey, in terms of new Mexico State University and 30th among all U.S. colleges and universities without a medical school. According to the most recent NSF survey, in terms of new Mexico State University and 30th among all U.S. colleges and universities without a medical school.
