

## Faculty Mentors

### Klipsch School of Electrical and Computer Engineering

Please make it a point to meet with your mentor each semester. Your faculty mentors are your resource for curriculum planning including you education beyond the BSEE, internships, research opportunities and any questions you may have related to your schooling and your profession. They are fun to just chat with even if you do not have specific questions.

#### Notes:

1. If you have a CASS advising hold, you must be advised by CASS. After that please meet with your mentor
2. If you do not have a CASS hold the mentor will advise you.
3. You can change mentors anytime by filling out the change of mentor form
