

**NOTICE:** The NMSU policy system is in transition. NMSU is in the process of separating its governance and directional policies from its administrative operational rules and procedures. Operational rules and procedures that were formerly contained in the NMSU Policy Manual, re-titled the Regents Policy Manual (RPM), are being relocated to the Administrative Rules and Procedures of NMSU (ARP). As a first step, on October 21, 2015, the Board of Regents authorized a replica of the policy manual to serve as the initial ARP. Since that time, the Board of Regents has repealed select provisions from the RPM. During this transition, as provisions are repealed from the RPM, they continue in effect as Rules in the ARP until modified. During the transition, some provisions will appear in both the RPM and the ARP. We appreciate your patience as we transition, and apologize for any inconvenience or confusion as result of the duplication. *Please also refer to the ARP at https://manual.nmsu.edu/files/2013/10/03.16.16-4Ed-ARP.pdf*

1.20 Gender Equity Policy and Statement of Principles
1.00   NMSU History and Mission

A.  **History:** New Mexico State University was founded in 1888 as Las Cruces College. The Territorial Legislature of 1889 established the land-grant Agricultural College and Experiment Station, which officially opened on January 21, 1890. During its first full academic year, the college became known as the New Mexico College of Agriculture and Mechanic Arts, the first degree granting institution in the Territory. Under the provisions of the Morrill Act of 1862 and subsequent federal legislation, the special mission of land-grant institutions has been to provide a liberal and practical education for students and to sustain programs of research, extension education, and public service.

In 1960, New Mexico College of Agriculture and Mechanic Arts became New Mexico State University. Since that time, while sustaining excellence in those programs traditionally associated with land-grant institutions, New Mexico State has become a comprehensive doctoral level university offering a wide variety of programs through the Graduate School and the colleges: Agriculture and Home Economics, Arts and Sciences, Business Administration and Economics, Education, Engineering, and Health and Social Services.

B.  **Mission:** New Mexico State University is the state’s land-grant university, serving the educational needs of New Mexico’s diverse population through comprehensive programs of education, research, extension education, and public service.

**REVISION HISTORY:**
03.06.17 Policy adopted by the Board of Regents.

1.01   Establishment and Governance

The New Mexico Constitution establishes New Mexico State University as one of the state’s postsecondary educational institutions, and requires the legislature to provide for the control and management of the institution through a five member Board of Regents, which serves as the governing body for both New Mexico State University as well as for the New Mexico Department of Agriculture (NMDA). (See Appendix 1-A for a partial listing and description of relevant constitutional and statutory provisions.)

**REVISION HISTORY:**
03.06.17 Policy adopted by Board of Regents.

1.02   Board of Regents Authority and Responsibility

The authority and responsibility of the Regents to control and manage the institution is prescribed by the legislature in state statutes. In order to fulfill those responsibilities the Board has adopted and shall be governed by the Bylaws of the Regents of New Mexico State University. (See Appendix 1-B.) The Bylaws provide internal operating rules for the Board. Upon request of any Regent, a proposal to amend the Bylaws shall be placed upon the agenda and considered at the next regularly scheduled open meeting of the Regents occurring more than 14 days after the proposal is first presented to the Board Chair by any Regent.

**REVISION HISTORY:**
03.06.17 Policy adopted by Board of Regents.

Policy 1.03 – Regents Committees

The Board of Regents may establish regents’ committees to assist it in fulfilling statutory and fiduciary obligations to New Mexico State University and to the New Mexico Department of Agriculture.

A regents’ committee may be comprised of no more than two voting regents, appointed by the chair, and any other individual(s) appointed by the Board.

Regents committees are distinct from university boards addressed in Policy 1.05.90 NMSU Boards.

Specific Regents committees are authorized in the NMSU Regents Bylaws, and are governed by a written charter approved by the Regents in open meeting. Committees currently approved include: the Regents’ Financial Strategies, Performance and Budget Committee (RFSPBC), the Regents’ Audit Committee, the Regents’ Real Estate Committee, and the Regents’ Student Success Committee. (See Appendix 1-G.)
1.04 - Regents Awards and Recognition

A. **Regents Medal:** The Regents Medal shall be awarded on suitable occasions and with appropriate ceremonies to persons who have made outstanding contributions to the university, to the State of New Mexico, or to the United States. Documented nominations may come from any group or individual through the administration, for consideration for this honor by the board.

B. **Regents Award for Outstanding Service to Its Community Colleges:** The Regents Award for Outstanding Service to its community colleges is a means to honor distinguished citizens, within a community college district, who have made outstanding contributions to one or more of the university’s community colleges. It shall be awarded on suitable occasions and with appropriate ceremonies. Documented nominations may come from any group or individual, which have been forwarded through the administration, including the appropriate community college campus president, for consideration for this honor by the Board of Regents. The award will be in the form of a plaque.

1.05 Board of Regents - Affiliated Entities

B. **Arrowhead Center, Inc.:** Annually, the board shall also name two of its members to the board of directors of the Arrowhead Center, Inc, formerly called the NMSU Technology Transfer Corporation, Inc., and as merged with the NMSU Research Park Corporation, Inc.

### 1.05.80 NMSU Employee Council (See also Appendix 1-E for Constitution and Bylaws)

**A. Recognition of Council and Purpose:** The NMSU Employee Council exercises the following functions:

2. Makes recommendations based on such investigations to the Chancellor of the university system.

3. Establishes and maintains an organization of staff for providing communication between the staff and the administration and for providing communication among the several parts of the staff.

**B. Membership:** Members of the NMSU Employee Council are elected from the full-time staff and represent various groups, *i.e.*, faculty and staff employees, both on and off main campus.

### 1.05.85 Associated Students of New Mexico State University (“ASNMSU”)

All main campus students are members of the Associated Students of New Mexico State University (“ASNMSU”). The ASNMSU government is divided into the executive, legislative, and judicial branches. Members of the legislative branch (student senate) are elected; the executive offices of president and vice president are elected; and members of the judicial branch are appointed by the president of ASNMSU. The dean of students and the Student Legal Aid Program attorney serve as advisors to ASNMSU. The vice president for student affairs and enrollment management, in cooperation with student leaders and other appropriate university officers, shall advise and administer university policy, regulations, and procedures established and necessary to achieve the goals and objectives of ASNMSU and the university. ASNMSU’s constitution and law book outlines the organization and responsibilities of ASNMSU. University regulations establish procedures within which ASNMSU funds are expended and accounted for and activities are conducted. ASNMSU has supervision over budgeting and expenditure of all activity monies allocated to ASNMSU; the Publications and Communications Board; the Intramural Board; the Student Activities Committee and other such boards and committees which are created from time to time. All of ASNMSU’s accounts are channeled through the ASNMSU Comptroller’s Office under the supervision of the Office and Administration and Finance. All recognized student organizations, except for fraternities and sororities, must conduct their financial affairs through the Office of the ASNMSU Comptroller.

**A. Leadership Scholarships:** [Amendment approved by the Administrative Council 12.13.05; adoption of amendment ratified by the Board of Regents 12.08.06]
Students who meet the criteria outlined below and who are either: (a) elected to ASNMSU student senate in a campus-wide, student body election, or (b) elected by their respective college councils and recommended to serve as a semester-long appointee to fill a vacant ASNMSU student senate position are eligible each semester to receive a financial award amounting to at least 75 percent of the dollar value of an academic semester in-state tuition and fees scholarship. This financial award is subject to the conditions and processes governing all financial aid awards administered by the Office of Financial Aid and Scholarship Services. As such, students may be awarded only one tuition scholarship in any given semester. The criteria for the initial award of the Leadership Scholarship are:

1. Undergraduate students must have an overall grade point average of at least 3.0 and, in the semester previous to taking office, have successfully completed 12 or more grades credits with at least a 2.5 grade point average.

2. Graduate students must have an overall grade point average of at least a 3.5 and have, in the semester previous to taking office, successfully completed 9 or more grades credits with at least a 3.0 grade point average and must serve the entire semester as a senator.

3. Undergraduate students must be currently enrolled in at least 12 credits and graduate students in at least 9 credits. Both undergraduate and graduate students must serve the entire semester as a senator to remain eligible for existing and future awards. Resignation, termination, or impeachment from the student senate prior to the completion of the semester voids any award made for that semester and holds the student liable for repayment of the amount awarded.

4. Renewal awards:
   a. Undergraduate students must have an overall grade point average of at least 3.0 and must have successfully completed 12 credit hours the previous semester.
   b. Graduate students must have an overall grade point average of at least 3.5 and must have successful completed 9 credit hours the previous semester.

Policy exceptions for termination and repayment of an award include cooperative education programs, medical withdrawals from the university, death, or any situation approved as an exception by the Office of the Associate Vice Provost for Student Affairs and Community Colleges.

B. **ASNMSU - Students Club Endowment Policy**: Establishes a policy for maintaining a Club Endowment and a separate Club Account.

1. Purpose of Policy: The Club Endowment is established to provide stable funding for recognized organizations. The income earned from this endowment is to be allocated to recognized organizations to provide consistent funding for them regardless of the financial picture of the ASNMSU.

2. Deposits: Beginning Fall 1991, $1 for each full time student, and $.50 for each part-time student shall be deposited in the Club Endowment each fall and spring semester.

3. Endowment Management: The Club Endowment shall be a permanently treated endowed fund of the NMSU Foundation, Inc. The principal shall be invested and reinvested in a common investment trust fund for endowments in accordance with the investment policies of the Foundation. The principal shall remain permanently invested and cannot be withdrawn without board’s approval. Income earned from the Club Endowment shall annually be transferred to the Club Account in the student account business office according to the policy of the NMSU Foundation.

4. Withdrawals: The ASNMSU senate, by a simple majority, may withdraw funds from the Club Account for recognized organizations. This shall be done through the normal appropriations process.

5. Transfers: The ASNMSU senate, by a 3/4 vote, may transfer money out of the Club Account to the Activity Surplus Account or the Major Expense Fund, providing the July 1 balance of the Club Account is a minimum of $20,000. An amount no greater than the July 1 balance minus $20,000 can be transferred. This shall be done through normal appropriation methods.
1.05.90 NMSU BOARDS

Much of the work of the university is accomplished through committees or other bodies consisting of the diverse and dedicated members from the university and local community. This policy provides guidance relating to the creation, “lifespan”, and cessation of these bodies that serve NMSU in advisory, investigatory, adjudicatory or other capacities. For purposes of this policy, the term “board” refers to any official body established to serve a university business purpose, whether it is referred to as a board, commission, committee, council, panel, task force, or other title. Because these boards are typically informal, advisory in nature, made up of volunteers or employees taking on duties in addition to their regular job duties, and not incorporated, they are not separate legal entities from the university.

A. Types of NMSU Boards: Due to the great number of boards utilized for a variety of functions, they will be distinguished by whether or not they serve the entire university community or a part thereof.

1. University Board: A university board is a body formally established by university policy or by directive from the Board of Regents, Chancellor, or executive vice president and provost.

2. College and Departmental Boards: A college, departmental or administrative unit board is a body appointed by a community college president, dean, vice president, associate dean, division or department head or other executive or academic administrator, whose work furthers the interest of the college, department or administrative unit by providing collective work product, advice, and/or recommendations.

B. Role in Policy Development: Any policy recommendations made by NMSU boards will be subject to the policy adoption protocol outlined in Title 1 of the Regents Policy Manual and in the Administrative Rules and Procedures of NMSU.

C. Formal Creation of Board: At the time any university board is created, the following shall be indicated:

1. The name of the board, and the authorizing body or official;

2. The type of board and scope of work (i.e. whether standing or ad hoc, and whether the scope of the board’s work will impact the NMSU System or only a particular campus);

3. The purpose and authority of the board;

4. The membership, including whether the members are appointed by position or by individual, any special selection procedures (i.e. election by another university constituency or selection by that constituency’s chair), the term of each member’s appointment, whether terms are staggered, whether there are any ex-officio (non-voting) or other continuous members, and whether the appointed member may utilize a designee who will vote on the member’s behalf;

5. How the board’s chair is to be selected;

6. Whether or not a particular office will provide administrative support to the board;

7. Guidance relating to meetings, if appropriate.

8. The date at which the board creation is effective

For university boards, this creation document shall be distributed to all members of the University Administrative Council.

D. Upkeep:

1. All university boards, which include neither those sub-committees of the Faculty Senate, Employee Council or other university boards, nor those corporate entities which may be affiliated with NMSU, shall be listed in the NMSU Official List of University Boards, maintained by the Chancellor’s chief of staff. The Chancellor’s chief of staff is responsible for ensuring processes are in place to update the listings to keep them current as of 30 September each year. See Official List of University Boards

2. All ad hoc university boards shall have a term of no longer than one year, and within that year shall be
reviewed by the official(s) who established it, to determine whether or not the board’s term should be extended. When it has been determined that the task for which the board was created has been completed or otherwise discontinued, the authorizing body or official shall direct the cessation of the board in writing to members of the University Administrative Council and reference to the board will be removed from the Official List of University Boards.

3. If there is any doubt regarding the status of any university board, and after consultation with the chair of the Board of Regents or key personnel (as appropriate), the Chancellor or the executive vice president and provost (as appropriate) will provide direction to the Chancellor’s chief of staff.

4. All standing university boards shall provide an annual report to the authorizing board or official no later than June 30 of each year, including the most current list of members.

5. All college, departmental and other administrative unit boards shall be maintained by the office of their respective appointing officials. The college, departmental and other administrative unit boards shall not be listed in the Official List of University Boards.

6. The chair of each university board is required to ensure that all positions are properly filled in accordance with the guidance provided at the time of board creation. Chairs are to notify the Chancellor’s chief of staff immediately upon a position vacancy and assist in nominating names of appropriate individuals for consideration to the authorizing body or official.

7. The authorizing body or official is free to alter or change the nature, membership, role or responsibility of any university board at any time by notifying the University Administrative Council and current board members in writing.

REVISION HISTORY:
12.14.10 Policy recommended by Administrative Council; 01.31.11 policy approved by Board of Regents.

1.05.95 NMSU Community Colleges

A. Land Grant Mission: The special mission of the university as a land-grant institution established under the provisions of the Morrill Act is to provide a liberal and practical education for students and to sustain programs of research, extension education and public service. The provisions of the Branch Community College Act of the State of New Mexico (NMSA 1978 Sec. 21-14-1 et seq) enable institutions of higher education to establish branch community colleges at the request of communities to meet their educational needs. The university has a long history of success in serving the citizens of New Mexico through its community colleges. The benefits to students for access to quality education through the NMSU community colleges have been documented and recognized. The Board of Regents supports, endorses, and recognizes the reciprocal benefits of its relationship to its community colleges and recommends the continuity of this partnership as one which contributes significantly to the educational and economic development of the state of New Mexico.

B. Policy Statement: The NMSU Board of Regents pledges full cooperation in the further development of its community college programs to ensure that the higher educational needs of the several communities are fully met. Each of the community colleges will develop its own mission and purpose statement, which shall be brought forward periodically for review by the Board of Regents.

C. Administration of Community Colleges: Each community college is administered by a campus president under the cognizance of the NMSU Chancellor. Community college academic issues are administered by their respective campus president, with oversight by the executive vice president and provost. (See also ARP, Rule 5.06 - Administrative Reviews).

1. Responsibilities of Community College Presidents: The community college campus presidents are responsible for providing leadership for their campuses in the following areas:

   a. Educational Programs
   b. Faculty and Staff Appointments
   c. Student Services
   d. Community Relations
   e. Maintenance and Care of Physical Plant
   f. Facility Planning (See ARP, Rule 9.50 - Use of Facilities and Space Management)
   g. Assessment/Accreditation
h. Campus Budgeting (a shared responsibility with the main campus Office of Administration and Finance)

2. Course Approvals: All new and revised community college courses are submitted for approval to the executive vice president and provost, who circulates the proposed changes to the appropriate Las Cruces campus colleges and committees.

3. Program Approvals: New designated associate degree programs proposed by the university’s community colleges are submitted for approval to the executive vice president and provost, who prepares the proposal for review and approval by the appropriate Las Cruces campus college, the Associate Deans Academic Council, the Academic Deans Council, the Faculty Senate, and the Board of Regents.

4. Semester End Dates: Whenever possible, the end of semester in the community colleges shall be coordinated with the end of the semester on the Las Cruces campus so that it is possible to report grades of students simultaneously.

5. Faculty Credentials: (See ARP, Rule 5.14 - Faculty Credentials Required of NMSU Instructors of Record)

6. Transfer of Students to NMSU Las Cruces Campus: Community college students who meet the admission requirements may transfer to the Las Cruces campus at any point or at the completion of the freshman and sophomore years.

REVISION HISTORY:

The chair will rotate as follows: Alamogordo, Carlsbad, Doña Ana, Grants. The executive vice president and provost is an ex officio member of the Community College Faculty Council.

B. Policy Administrator: This policy is administered by the Executive Vice President and Provost.

C. Scope and Effective Date: This policy will apply throughout the NMSU system, effective upon approval by the Board of Regents.

REVISION HISTORY:
04.12.16 Amendment recommended by University Administrative Council; 05.13.16 approved by Board of Regents.
07.13.10 Amendment recommended by Administrative Council; 07.20.10 approved by Board of Regents.

1.10 NMSU System Policies and Administrative Rules and Procedures

A. Policy Statements: Pursuant to the authority granted under the New Mexico Constitution and related statutes, the NMSU Board of Regents governs New Mexico State University and the New Mexico Department of Agriculture (collectively the “NMSU System”) through the adoption of policies. These policies provide direction relating to the mission and goals for the NMSU System, as well as delegate or reserve authority. The purpose of this policy is to establish a framework for the adoption of NMSU System policies and to authorize the development of enforceable administrative rules and procedures as may be necessary to achieve the goals and directives established by the Board of Regents.

1. Policy statements, once approved by the Board of Regents, shall be maintained in a document titled...
“Regents Policy Manual” (RPM) (formerly titled, the “NMSU Policy Manual”) which may take the form of an online website. All changes to the Regent’s Policy Manual, except as otherwise provided below, are effective only upon approval by the Board of Regents in open meeting. The Board of Regents policies shall apply to the entire NMSU system unless otherwise stated in the policy.

2. The chancellor is authorized to adopt administrative rules and procedures as may be appropriate and necessary to implement the policies adopted by the Board of Regents, and to ensure efficient and effective organizational/transactional control. Those rules and procedures which have been formally adopted and approved by the Chancellor shall be maintained in a document entitled “Administrative Rules and Procedures of NMSU” (ARP) which may take the form of an online website. The ARP shall apply throughout the NMSU system unless otherwise stated. The university shall include in the ARP a process that provides adequate opportunity for university stakeholders to provide comment regarding proposals to amend, repeal, or propose new policies or ARP provisions.

3. Any proposal which involves the academic mission and matters of shared governance, as defined in Policy 1.05.70, shall be reviewed and approved by the Faculty Senate before submission to the chancellor for final approval. Any such proposal not approved by Faculty Senate shall become effective only upon approval from the Board of Regents.

4. Provisions contained in the Regents Policy Manual and Administrative Rules and Procedures shall not create any type of contract, implied or otherwise, between the regents and its employees or any other individual or entity. Policies and the ARP may be amended or revoked at any time in accordance with this policy.

5. A policy approved by the Board of Regents will become effective on the date of approval, or on such other date as reflected in the approved policy. In those instances where there is a compelling need for an immediate policy change, the chancellor may adopt and implement provisional policy, provided that the provisional policy is presented to the Board of Regents in open meeting as soon as practicable.

6. Implementation of this policy requires the separation of general policy statements from the university’s operating rules and procedures which have until now been combined in the “NMSU Policy Manual.” In order to accomplish that separation, and for the period of transition, the current Policy Manual may be replicated in its entirety and this replica, in combination with those few Procedural Guidelines already promulgated outside the NMSU Policy Manual, shall be deemed to constitute the initial set of Administrative Rules and Procedures. The provisions in this initial, transitional ARP shall be deemed to be the governing rules and procedures of the NMSU system until such time as each provision is individually reviewed and conformed to the ARP format. At such time as a complete recompilation is achieved, this paragraph may be removed from the RPM without further approval.

B. Policy Administrator: This policy is administered by the Office of the Chancellor.

C. Scope and Effective Date: This policy will apply throughout the NMSU System, effective upon approval by the Board of Regents.

1.14 Succession Planning

The Regents of NMSU recognize that one of the university’s greatest assets is its employees. To enhance the strength and the continued growth of the institution, the Board of Regents seeks to continuously hire, develop, and retain highly talented individuals, as well as to provide mechanisms which will further enhance their talents, maximize their value to the institution, and maintain a culture of advancement, in alignment with the strategic goals of the institution. Whether selected and identified by management or by self-nomination, incumbent employees shall be provided the encouragement to aspire to advance into leadership positions in multiple roles in leading NMSU. By maintaining an environment of motivation and engaging service, NMSU will continue its extensive history of successes.
1.15 Non-Academic Units - Creating, Reorganizing, Relocating, Eliminating (See Also ARP, Rule 6.05 - Academic Units - Creating, Reorganizing, Relocating, Etc.)

For the purpose of this policy, a non-academic unit is defined as a unit that is not within a college, an undergraduate major, a graduate degree program or the library, whether these units are located on any NMSU campus. Any proposal to create, reorganize, relocate and/or eliminate a non-academic unit must be submitted for review and approval through the appropriate vice president, vice provost or dean and the executive vice president and provost (refer to chart of approval process, Appendix 1-H (formerly Appendix 5-B).

If a change results in a structural change to the organizational hierarchy, the change will be effective January 1 or July 1 following the approval. Structural changes are defined as changes that affect the hierarchical organizational and reporting structure. Changes to organizational attributes may be processed at any time throughout the year. These changes are defined as: department long title, acronym, mail stop code, PO Box number, street address, city, state, zip code, building name (See Rule Policy 2.50 Naming Policies), room number, telephone number, fax number and departmental e-mail address.

Procedure: After the appropriate administrative approvals are obtained, the requesting department head/director must submit an Organization Request Form to the Office of Human Resource Services for processing. The form must be submitted with all relevant documentation attached no later than November 30 (for January 1 effective date) and May 31 (for July 1 effective date).

1.70 Shared Governance and the Role of the Faculty Senate

A. Shared Governance: Shared governance refers to the governance of the university in which responsibility is shared among the Board of Regents, the faculty and the administration. As used in this policy, “faculty” refers to the general faculty, defined as all tenured, tenure track and college faculty at all of the university’s campuses. For purposes of this policy, the Chancellor and the executive vice president and provost, and their respective direct reports, shall be collectively referred to as “administration”. Shared governance shall remain a central tenet of academic decision making at New Mexico State University.

1. By law, the Board of Regents governs the NMSU system, under the advice of faculty, by the enactment of policies and by its delegation of operational authority through the Chancellor.

2. Consistent with the principles of the American Association of University Professors (AAUP), the faculty, represented through the Faculty Senate and other faculty representatives, shall be involved in personnel decisions, selection of administration, preparation of budget, and determination of educational policies. The faculty shall have primary responsibility for curriculum and subject matter and methods of instruction, research, faculty status and those aspects of student life which related to the educational process. Faculty shall have primary responsibility for developing and applying policies affecting the university’s academic mission in regard to education, research, and service, subject to the authority of the Board of Regents, the
Chancellor, and the executive vice president and provost.

3. The faculty shall also be involved in administrative planning processes. To facilitate this, faculty members serve on the many and varied administrative committees.

   a. The chair of the Faculty Senate shall be a member of the Academic Deans Council and of the Administrative Council.
   b. The vice chair of the Faculty Senate shall be a member of the Associate Deans Academic Council.
   c. As directed by administration, members of the general faculty serve on other advisory committees, including but not limited to: the University Budget Committee, the University Research Council, and the President's Associates Board. Moreover, the Faculty Senate may select the requisite faculty representative; in addition, administration may select a member of the faculty directly.

B. Faculty Senate: The Faculty Senate has legislative jurisdiction over policies affecting the university’s academic mission in regard to education, research, and service, including the definitions of purpose and objectives. The Faculty Senate is elected by the faculty at large. The Faculty Senate Constitution provides specifications relating to the Faculty Senate’s composition, elections, terms of office, officers, committees, meetings, legislative processes, and methods to amend the constitution. See Appendix 1-D. Additional details about the operation of the Faculty Senate are contained in the Faculty Senate Bylaws. The chair of the Faculty Senate will have 50 percent assigned time for Faculty Senate work, based on the teaching load. The vice chair of the Faculty Senate will have 25 percent assigned time.

   1. The Faculty Senate shall key its propositions that affect academic policy to the corresponding provision in the Regents Policy Manual, Administrative Rules and Procedures of NMSU, or other policy document(s).

   2. Propositions affecting academic policy approved by the Faculty Senate are subject to acceptance or veto by the Chancellor.

      a. If the Chancellor approves a proposition, it will be placed on the next agenda of the Board of Regents for consideration and approval.
      b. If the Chancellor does not accept or vetoes the proposition within 40 working days from the receipt, the proposition will be placed on the next agenda of the Board of Regents for consideration and approval.
      c. If the Chancellor vetoes a proposition, a two-thirds vote of the present and voting Faculty Senate may return the proposition to the Chancellor and, if the Chancellor does not rescind the veto within five (5) working days, the proposition will be placed on the next agenda of the Board of Regents for consideration and approval.

   3. Faculty Senate legislation will become effective upon approval by the Board of Regents, or upon such other date as may be specified in the legislation or by the Chancellor’s provisional authority.

2.00 Organizational Charts and Reporting Relationships

The hierarchical organizational structure of NMSU and NMDA and their components shall be set forth in one or more organizational charts which shall be available via the institution’s website. The organizational charts shall indicate reporting relationships. A solid line connecting a specific position or unit to another higher level position or unit typically indicates both administrative and functional reporting to the same higher level individual or position. Where a unit or position also has a dotted line connecting it to a different higher level position or unit, the dotted line shall indicate the functional reporting relationship, while the solid line indicates the administrative reporting relationship.

The administrative reporting relationship establishes a clear line of authority between positions or units in the organizational hierarchy. The actions of the subordinate are subject to the direction and/or approval of the next higher level of management, irrespective of the autonomy the latter may choose to grant to, or withhold from, subordinate levels. Subordinate positions never report administratively to more than one higher level supervisor.

The functional reporting relationship establishes a connection between positions or organizational units at different management levels based on the specialized nature of the function for which a mutual responsibility is shared. In this type of situation, often referred to as an indirect reporting relationship, the higher level position or unit provides functional guidance and support to positions or units lower in the organizational structure.

2.10 Auditors, External

The university external auditors shall be selected and retained according to the guidelines provided in the state auditor's rules currently in force. The Board of Regents reserves the right to apply stricter guidelines in selecting and retaining external auditors than those required by the state auditor's rules.

2.11 Auditors, Internal – Office of Audit Services [Amendments approved by the Board of Regents 07.23.07]

A. **Purpose:** This policy establishes and authorizes the Office of Audit Services as the administrative unit tasked with performing internal audit functions, and reporting to the various NMSU components, the Audit Subcommittee of the Board of Regents, and the Chancellor and/or the Board of Regents.

B. **Mission and Internal Audit Function:** The Office of Audit Services provides university-wide, independent, objective assurance and consulting services designed to add value to, and improve university operations. It helps the university community accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes. The Office of Audit Services assists members of management in effectively carrying out their respective responsibilities by determining whether the organization’s network of risk management, control and governance processes are adequate to ensure that:

1. Risks are appropriately identified and managed;
2. University policies and procedures, and external laws and regulations are followed;
3. Resources are acquired economically, used efficiently, and are adequately protected;
4. Significant financial, managerial and operational information is accurate and reliable;
5. Program objectives are achieved and are consistent with university objectives.

C. **Authority:** The internal audit staff is authorized full, free and unrestricted access to all university records in any
form; to all facilities and real estate; and to all personnel relevant to an audit. With approval from the NMSU affiliated organization, internal audit staff may review records of affiliated organizations in conjunction with a specific university audit. Internal audit staff is correspondingly responsible for handling documents and information obtained in a prudent and ethical manner.

D. Neutrality: Internal auditors will avoid participating in activities that might reasonably appear to compromise their independence or objectivity. They will have no direct responsibility or authority over any of the operating activities examined, and their review does not relieve operating personnel of their responsibilities.

E. Internal Audit Duties: The chief audit executive and staff of the Office of Audit Services have responsibility to:

1. Develop a flexible annual audit plan using appropriate risk-based methodology, including concerns identified by management, and submit the plan to the audit committee for review and approval;

2. Operate in accordance with the International Standards for the Professional Practice of Internal Auditing and the Code of Ethics of the Institute of Internal Auditors;

3. Provide audit reports and memoranda that contain reasonable and cost-effective recommendations for control issues identified, and facilitate the resolution of audit issues with appropriate managers;

4. Suggest the need for policies and procedures where appropriate, or changes to existing policies and procedures;

5. Perform appropriate assurance and consulting services to assist management in meeting its objectives;

6. Assist in the investigation of significant suspected fraudulent activities within the university;

7. The chief audit executive serves as an ex officio member of the Administrative Council.

F. Reporting Structure: In order to maintain independence, the staff of the Office of Audit Services reports to the chief audit executive, who reports administratively to the Chancellor and functionally to the Board of Regents. The chief audit executive shall meet with the Board of Regents’ Audit Subcommittee periodically, as outlined in the Audit Subcommittee Charter and will present an annual report on the activities and operations of the department.

G. Scheduling Audit Projects and Reporting Results: With the exception of emergency audits and those requiring an element of surprise, audit clients will receive advance notice of planned audits and the Office of Audit Services staff will make reasonable efforts to accommodate client needs in terms of scheduling.

1. Audits involving suspected fraudulent activities are processed differently from other internal audits, so as not to compromise a police investigation or personnel action.

2. At the conclusion of an audit project, the chief audit executive will issue a formal report or audit memorandum to the audit client and appropriate members of senior management.

3. On an annual basis or as time permits, the Office of Audit Services staff will perform a follow-up on formal recommendations included in audit reports and memoranda. Follow-up reports will summarize the status of audit issues and any actions taken by management to resolve the issues. Any items not resolved at the conclusion of a second follow-up, will be referred to the Chancellor and to the Budget and Audit Subcommittee for resolution.

4. Results of audit work are shared with Budget and Audit Subcommittee members and with the Board of Regents on an annual basis, or more often if appropriate.

A. Service of Process on NMSU: The Office of the Chancellor shall be the only office authorized to be served with all suits, summonses, garnishments, and other legal documents for the university.

C. Representation of NMSU Employees within Course and Scope of Employment: The board authorizes the general counsel to represent all university employees who are defendants in a lawsuit which results from the performance of their duties as employees of the university. It is the intent of the board that the university represents such defendants in both their individual and professional capacities as long as the general counsel determines that the defendants were acting within their duties and responsibilities as employees of the university. The general counsel will inform the board on a regular basis concerning the actions taken under this policy.

D. Contract Approval: Official contracts or agreements must have the approval of the general counsel as to form. Contracts and other matters which do not require special consultation with the general counsel prior to approval will be processed by attaching a Contract Approval Form which will be routed to the general counsel.

B. No employee of the university, agent of the university, or paid lobbyist shall contact any employee or officer of the federal, state, or local governments for the purpose of influencing that employee or officer without complying with this policy.

C. The vice president for research is directed to be the sole individual responsible for assuring the compliance with this policy. The vice president for research may designate one or more individuals to act in the absence of the vice president for research, in order to assure continuity.

A. Statement of Purpose: The Board of Regents of New Mexico State University recognizes that diversity of opinion and freedom of choice are concepts upon which higher education has been established. Inherent within these two basic concepts are the exercise of individual responsibility and making informed decisions on matters related to personal behavior.

Within the university setting, faculty, staff and students must demonstrate a mutual respect and commitment to the institution’s educational mission while at the same time fostering diversity of opinion, freedom of choice, and responsibility. In this regard, the university respects the right of those of legal age to consume alcohol if they so choose, providing they do so in accordance with this policy and all applicable laws.

This policy shall apply to every function or event, including but not limited to receptions, banquets, dinners, picnics, or any outdoor event, social event, and campus-wide activity sponsored by organizations or individuals associated with NMSU. Off-campus events conducted by university approved organizations are bound by this policy.

NMSU recognizes it cannot protect its employees, and students from making decisions that could potentially cause harm to themselves or others. NMSU disclaims any intention to assume duties to protect its employees and students from their own abuse of drugs or alcohol or to protect third party persons from conduct of the employees or students.

B. Scope: This policy applies at those NMSU campuses or facilities that have applied for and received a waiver from their respective county jurisdictions.

C. Policy Administrator: This policy is administered by the Office of the Chancellor. The Chancellor may delegate review and/or approval authority to a designee.

D. Permissible Use of Alcohol: As allowed pursuant to this policy, the use of alcohol shall be considered a privilege and may be allowed only if consistent with local, state and federal laws and university policy, and only when it does not interfere with the academic atmosphere of the university.

1. Students of legal age are allowed to use alcohol only in a manner consistent with this policy and the Student Code of Conduct.

2. Students who reside on campus and are 21 years of age or older may possess and consume alcohol consistent with the law and in areas designated by the director of housing and residential life. Consult with Housing and Residential Life at 575-646-3202 for those areas designated as “alcohol free”, if any.

3. Selling, either directly or indirectly, of alcoholic beverages on campus is prohibited, except in those university facilities possessing a state alcohol license granted under the authority of the Board of Regents or where pre-approved by the Office of the NMSU Chancellor by event type. The Office of the NMSU Chancellor is authorized, in its discretion, to approve the serving or sale of alcohol at any other on-campus events. All venues approved for the routine sale of alcoholic beverages must have in place an approved policy for the sale and service of alcoholic beverages.

4. Members of the university community and/or the public wishing to host or otherwise conduct an event involving alcohol on campus or other NMSU property must first obtain the proper approval from the Office of the NMSU Chancellor.

a. Some functions may also require the party to have separately and previously obtained an appropriate permit in accordance with the state’s liquor licensing laws; the Office of the Chancellor will not approve a function if the proper state permit has not been obtained.

b. Student groups, campus organizations and Greek affiliates who wish to host events involving alcohol must have proper policies in place, consistent with university policies and local, state and federal laws, before the Office of the NMSU Chancellor will approve the event for alcohol.

c. Student fees may not be used directly to purchase alcohol. However, in certain cases, student fees may be used to fund events where alcohol may be served, provided the appropriate approvals and/or state issued permits are obtained, in accordance with this policy.

d. State law requires that anyone serving alcohol must complete a class and receive a Server’s Permit.

e. If the consumption of alcohol is a normal part of an academic class, written approval for use must be
obtained from the Office of the Executive Vice President and Provost, with a positive recommendation from the Alcohol Review Committee.

f. Approval for alcohol at an event is to be requested from the Office of the NMSU Chancellor. For and Application and Instructions, please contact the chair of the Alcohol Review Committee at 575-646-5752. The Alcohol Review Committee will review the application and make its recommendation to the Office of the NMSU Chancellor.

g. The decision by the Office of the NMSU Chancellor is final.

E. Unacceptable Use of Alcohol: NMSU recognizes that the illegal use of alcohol interferes with the academic environment of this institution and the personal growth of its students.

1. NMSU explicitly prohibits the unlawful use, possession, sale, or distribution of alcohol or controlled substances by all students and employees. Any violation of applicable local, state, and/or federal law is considered to be a violation of this institution’s policies.

2. Corrective and/or disciplinary action will be taken if it is determined that the use of alcohol by an employee or student threatens to create disorder, public disturbances, danger to themselves or others, or property damage.

3. Students who have not yet reached legal age are prohibited from purchasing, using, and/or possessing alcohol.

4. Except as outlined by this policy, consumption or possession of alcohol intended for consumption is prohibited on the university campus. Possession of alcohol on NMSU property intended for consumption is allowed for the sole purpose of prompt delivery to the location approved for such consumption.

5. Open containers of alcohol are prohibited outside of designated areas.

6. Kegs or other common containers are not allowed, unless in conjunction with an event approved by the Office of the NMSU Chancellor.

F. Alcohol-Related Misconduct:

2. Employees or students found to be in violation are also be subject to all local, state and federal laws and nothing in this policy shall be construed to protect employees or students from such actions as local, state and/or federal law enforcement deem appropriate. Similarly, if local, state and/or federal law enforcement entities decide not to pursue action against violators, the university reserves the right to process violations through the appropriate administrative office.

3. Employees or students who have not been found to be in violation of any of the policies herein who wish to self-identify and seek confidential help through the Employee Assistance Program, Counseling Center and/or the Wellness, Alcohol and Violence Education Program, will not jeopardize their employment or academic status. This benefit will continue as long as the employee or student refrains from further alcohol
misuse and/or abuse.

H. Tailgating Exception: (See Tailgating Procedures for general Tailgating Procedural Guidelines) No independent administrative pre-approval shall be required for the consumption of alcohol within a tailgating station, within a designated tailgating lot, before or after an NMSU sporting event, if all participants are in compliance with the restrictions of this policy and the corresponding Tailgating Procedural Guidelines. For purposes of this policy, a tailgating station is defined as a gathering of fewer than 200 people, assigned to particular parking spaces assigned in accordance with the Tailgating Procedural Guidelines. A tailgate station attended by more than 200 people does not fall under this exception; tailgate stations anticipating 200 or more people will be considered to be a “special event” subject to the administrative pre-approval process described above, which in turn will also require a Special Dispenser’s License, as required by state law. Confidentiality about individuals reporting violations of these standards will be maintained whenever possible and employees shall be free from retaliation for voicing concerns.

Accordingly, New Mexico State University (NMSU) aspires to develop and support an inclusive university community. NMSU will provide equal opportunities in areas of employment, admission, academics, and access to programs and facilities, without regard to age, ancestry, color, disability, gender identity, genetic information, national origin, pregnancy, race, religion, serious medical condition, sex, sexual orientation, spousal affiliation or protected veteran status, as set forth in federal and state anti-discrimination statutes. NMSU prohibits all forms of illegal discrimination, including harassment, sexual

B. **Discrimination Reporting and Complaint Processes:** NMSU maintains the Office of Institutional Equity (OIE) whose mission shall be to address reports and complaints of discrimination or sexual harassment or sexual misconduct in a prompt, impartial and equitable manner. Where discrimination is found to have occurred, NMSU will act to stop the reported conduct, to prevent its recurrence, to remedy its effects, and to hold accountable through corrective or disciplinary action those found to be responsible for the misconduct. OIE is also authorized to address systemic issues which may be detected during the review and resolution of reports and complaints. Further, OIE is responsible for providing training, information and guidance to the NMSU community regarding rights and responsibilities as they relate to this policy.

C. **Gender Equity:** NMSU affirms the sex and gender equality of all individuals and is committed to providing sex and gender equity within the NMSU community. NMSU adheres to Title IX of the Education Amendments of 1972, which provides that “no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance”.

NMSU respects the rights of all and strongly encourages its students, faculty, staff and visitors to treat each other with respect and civility within the university community. At the same time, NMSU is also committed to the principles of free inquiry and freedom of expression. The right to zealous discussion and debate, even when such discussion includes disparaging or offensive remarks, is a fundamental right protected by the U.S. Constitution. Thus, there is an inherent tension between the important public rights to equal opportunity and non-discrimination, and the right to freedom of expression. NMSU will seek to protect these rights consistent with the U.S. Supreme Court and Tenth Circuit case law interpreting the Constitution and applicable federal and state statutes.

H. **Administrative Rules and Procedures:** In order to fully implement this policy, the university administration shall adopt administrative rules and procedures that are consistent with this policy.

I. **Policy Administrator:** This policy is administered by the Office of Institutional Equity (OIE).

University owned property leased to other entities and not under the operational control of NMSU are not considered university premises for purposes of this policy.
8. **Unprotected Speech** means speech that is not afforded First Amendment protection, such as commercial speech that is false or misleading. Other examples include fighting words, child pornography, defamation, and libel.

E. **Policy Statements:** New Mexico State University aspires to be an intellectually open campus. Free exchange of ideas is a reflection of the university’s public land-grant heritage, interest in diverse points of view, and commitment to excellence in education and research. NMSU encourages free expression and peaceful assembly, provided they do not disrupt the university missions or functions. The type of forum, described below, will determine the level of restriction, if any, which may be imposed on free expression activities within the forum. Restrictions must be content neutral, typically geared to time, place and manner. The type of forum for a given location may vary, based on the circumstances relating to the nature of an event or function scheduled to occur at the location.

1. **Public Forums** are areas that traditionally have been open to the public, such as parks, sidewalks, and lobbies as well as other areas that become public forums by university designation. Free expression and
civil discourse are encouraged in public forums, and any regulation of expression within a public forum must be narrowly tailored to serve a compelling state interest.

2. **Limited Public Forums** are areas open to the public or a segment thereof (including through the purchase of admission), but where there is a specific purpose. The necessities of confining a forum to the limited and legitimate purpose for which it was created may justify some limitations that are narrowly tailored to allow the event or activity to continue and/or achieve its intended purpose. Any limitations must be consistent with the spirit of this policy. Legitimate limitations include subject matter and classification of participants (students, student government representatives, faculty, etc.). Limitations must be reasonably related to a definite and substantial university interest. Any limitations must be content neutral, and aimed solely at reducing or preventing disruption to the activity that would cause a definite and measurable interruption to the intended purpose, or protecting other clearly compelling university interests (e.g., public safety). If a limited public forum serves more than one purpose, the university may prioritize the purposes for which it may be used, e.g. a campus auditorium may give priority to theater productions. Expression within a limited public forum is permitted consistent with the Procedural Guidelines administered by the Office of Campus Activities.

3. **Non-Public Forums** are areas not open to the general public and where expression by those permitted to be there may be reasonably limited, in a content neutral manner, to that which is compatible with the purpose and nature of the location. (Examples include faculty and administrative offices, classrooms, residence hall rooms, and archives and special collections of libraries.)

4. **Disruption of university functions or activities:** Regardless of the type of forum, free expression activities and events shall not materially or unreasonably interfere with the education, research, public service, and outreach missions of the university, office operations, or sleep of residents.

5. **Modes of Free Expression:** The university recognizes that there are many different modes of free expression, including distribution and posting of literature; group speech activities such as rallies, parades and demonstrations; electronic sound amplification, chalk, symbolic speech (e.g. nudity, fire, and/or weapons); and electronic communication. The limitations described in the Procedural Guidelines pertaining to the various types of expression are intended to safeguard personal safety and the university’s missions, and not to hamper freedom of expression. *See ARP, Rule 3.63, Section G.*

6. **Respect for Rights of Others:**
   a. Prohibition of Third Party Interference with Right to Free Expression: Except as provided elsewhere in this policy, university employees, students, and other members of the public shall not interfere with the rights of freedom of expression by others permitted by this policy. Alleged violations of rights afforded by the U.S. and N.M. Constitutions, recognized by this policy, will be taken seriously and investigated promptly and objectively.
   b. Retaliation Prohibited: Retaliation against individuals who have exercised the rights granted by the First Amendment, recognized through this policy, is strictly prohibited. Any such claim should be reported immediately to an appropriate university official to register a complaint. Generally, the Office of the Dean of Students and the Office of Human Resource Services-Employee and Labor Relations administer student and employee grievances, respectively. Such claims will be taken seriously, investigated independently, and if substantiated, will be grounds for corrective or disciplinary action, appropriate to the circumstances.

7. **Respect for University Property and Functions:** In exercising the right of free expression and peaceful assembly, individuals must also accept the responsibility of following the laws related to the safety of people and property. Outdoor and indoor activities must follow all applicable fire codes and other local, state, and federal laws. *See ARP, Rule 3.63 - Freedom of Expression, Section G.* which may clarify limitations intended to safeguard missions and personal safety, and not to hamper free expression.

8. **Interface with other laws and regulations:** There is inherent tension that exists between competing public policies affecting individual rights. A detailed examination of statutes and regulations which protect individuals from sexual harassment, discrimination, hostile environment and other discriminatory conduct is beyond the scope of this Freedom of Expression policy. This policy is not intended to insulate persons from accountability for their actions if their conduct discriminates, harasses or otherwise creates a hostile environment based on any class protected by federal and state anti-discrimination laws. *See Also Policy 3.25, Discrimination, Harassment and Sexual Misconduct on Campus.* Nothing in this policy is
intended to provide a defense in any action against a third party by an alleged victim of defamation, libel, slander, invasion of privacy, assault, or any other civil or administrative claim.

9. **Dispute Resolution:** The successful implementation of this policy will depend upon the university community’s education and engagement, including but not limited to understanding which types of planned activities require advance permission, and what to do if an event or expressive activity is questioned. As authorized by Section F., hypothetical scenarios are posed within the Frequently Asked Questions (FAQ’s) posted at [http://campusactivities.nmsu.edu/policies/](http://campusactivities.nmsu.edu/policies/) to provide guidance about how this policy should be applied. Because time will often be of the essence when issues arise involving this policy, the informal methods listed below are available to supervisors, students, employees and members of the public in order that individuals may seek a policy clarification or interpretation in advance, in order to resolve issues in a mutually professional and amicable manner, rather than through more adversarial grievance or litigation methods. These methods include and are not limited to:

a. A single point person will be designated by each NMSU campus president to serve as the liaison between members of the university community and/or the public and the Policy Administrators listed under Section C, in order to resolve issues expeditiously.

b. Individuals may request clarification of the policy or the Procedural Guidelines by contacting the designated point person. The designated point person will promptly respond to acknowledge the inquiry, and as appropriate or needed, may consult with any of the Policy Administrators prior to providing an interpretation to the individual.

c. If the individual(s) wishes to appeal the interpretation provided by the designated point person, such notification must be given to the point person either in writing or via email. The point person will then call a meeting of the Policy Administrators (or any subset, depending upon availability) and the individual(s) as soon as practicable, which meeting may be conducted telephonically or electronically. The decision of the Policy Administrators will be rendered within one working day of the meeting and communicated to the individual via email or other contact information supplied by the individual.

d. Students and employees also have recourse to file grievances against those who they feel may have restricted their rights under this policy, and shall follow the applicable student or employee grievance policy if the above steps have not resolved the dispute.

10. **Sanctions:**

a. Individual Consequences for Conduct Not Protected by Constitution or This Policy: Nothing in this policy protects expressive activities which:

i. constitute criminal, defamatory, or discriminatory misconduct;

ii. contain true threats of violence or imminent harm; or

iii. seek to incite, or intentionally incite, a fight.

Individuals engaging in such conduct may face criminal prosecution, civil lawsuit, and/or disciplinary action. (For example, see Regents Policy 3.25, EEO and Prohibition of Unlawful Discrimination and ARP, Rules 3.10 - Campus Access, Prohibited, Restricted, 5.47 - Faculty Discipline and Appeal Processes, and 8.30 - Staff Disciplinary Action/Involuntary Termination).

This policy does not provide a defense to individual liability for such prohibited conduct.

b. Disclaimer of Liability: NMSU shall not be liable for any injuries to participants or third parties caused by individuals or groups engaging in freedom of expression activities.

c. Damage or Injury: If property damage or personal injury occurs, individuals or groups determined to be responsible may be subject to appropriate administrative, civil, or criminal action, for the purpose of covering the university’s costs associated with the damages. Additionally, while generally NMSU wishes to facilitate free discussion, nothing in this policy is intended to eliminate any rights of persons to pursue any legal remedies they may have under local, state, or federal law.

d. Unattended or abandoned materials: Materials used for free expression activities (literature, signage, etc.) shall not be left unattended. Any items that are left unattended for more than thirty (30) minutes may be removed by the university at the owner’s expense. Signage promoting or providing directions to an event are allowed on the preceding day for a morning event or on the day of an afternoon or evening event, will not be considered to have been left unattended, and shall be removed by the event organizers at the conclusion of the event. Permission for posting or leaving of materials outside of the above restrictions may be granted on a case-by-case basis by the Office of Campus Activities.

F. **Procedural Guidelines:** To facilitate the implementation, administration and enforcement of this policy, the policy administrators identified above may develop and issue supplemental Procedural Guidelines consistent with this policy, which may include protocols, FAQ’s, forms, flowcharts, etc.. The Procedural Guidelines
utilized in the application or enforcement of this policy shall be either outlined below in this Section, and/or posted at an appropriate NMSU website, and linked from this section. With the approval from the policy administrators, other related reference material relating to freedom of expression, anti-discrimination laws, hate crimes, etc. may also be listed below or linked from this Section.

**EFFECTIVE DATE AND REVISION HISTORY:**
This policy is effective 45 calendar days from the date of approval by the Board of Regents.

### 3.99 Prohibition of Hazing and Hostile Misconduct

#### A. Policy Overview:
New Mexico State University promotes a safe environment where students, faculty, staff and visitors may reside on campus, participate in university sponsored activities and be members of organizations recognized by NMSU without compromising health, safety, or wellness. It is therefore the University’s policy to prohibit any act or omission which constitutes hazing, bullying or other hostile misconduct, as well as retaliation against persons who report misconduct pursuant to this policy. In the event an allegation of hazing, bullying, hostile misconduct or retaliation is substantiated after objective investigation, appropriate corrective or disciplinary action will be taken to ensure that the offensive behavior does not recur.

#### B. Definitions:

1. **Bullying.** “Bullying” is an act or omission that intimidates or mistreats a person, typically a person perceived to be weak or vulnerable.

2. **Hazing.** “Hazing” is an act committed by one or more individuals, on or off campus, where the following apply:

   a. The act was committed in connection with student or employee status or in connection with an initiation into, an affiliation with, or the maintenance of membership in, any organization. For the purpose of this policy, “organization” means an intercollegiate or intramural athletic team; chartered student organization; or other association, order, society, corps, cooperative, club, department, unit, division or similar group that is officially affiliated with the university and whose membership consists primarily of enrolled students or employees of the university; and

   b. The act creates unreasonable risk of emotional or physical harm, or causes actual physical harm, mental duress or degradation, or interferes with a person’s academic endeavors or progress, or work environment.
3. Hostile Misconduct. “Hostile Misconduct” is an act or failure to act, which is sufficiently severe, pervasive or persistent so as to interfere with or limit a person’s ability to participate in academic opportunities or activities, or to work productively in the workplace. The hostile misconduct prohibited by this policy need not be based on any protected class, which is similarly prohibited by the university’s anti-discrimination policies.

4. Retaliation. “Retaliation” for purposes of this policy is retribution in any form against a person who has in good faith: (a) opposed the misconduct prohibited by this policy; (b) filed a complaint of hazing, bullying or other hostile misconduct with their supervisor, the Office of Human Resource Services department or other appropriate office with jurisdiction; (c) assisted with or participated in an investigation, proceeding or hearing related to enforcement of this policy. Retaliation in and of itself, if substantiated by investigation, will result in disciplinary action, up to and including termination.

C. Discriminatory Misconduct/Report to OIE: An act of hazing, bullying or other hostile misconduct may also constitute illegal discrimination if it is based upon age, ancestry, color, mental or physical disability, gender, genetics, serious medical condition, national origin, race, religion, sexual orientation, gender identity, spousal affiliation, or veteran status. In this event, it shall be reported to the Office of Institutional Equity for action under the university’s anti-discrimination policies, which also prohibit retaliation.

D. Hate Crimes/Report to NMSU Police: An act of hazing, bullying or other hostility may also constitute a hate crime under the laws of New Mexico, and shall be reported to the NMSU Police Department for potential criminal investigation and prosecution.

E. Acquiescence Not a Defense: It is a violation of this policy even if the recipient of the misconduct consented to or acquiesced in the hazing, bullying or other hostile act or omission.

F. Examples: Examples of hazing, bullying and other hostile misconduct may include, and are not limited to:

1. Verbal acts and name calling; graphic and written statements, which may include the use of cell phones or the internet;

2. Threats of, or actual harm or humiliation;

3. Physical abuse, such as whipping, beating, branding, pushing, shoving, or tackling, use of physical restraints, etc;

4. Forced physical activity, such as consumption of food, liquor or drugs, or sleep deprivation;

5. Theft and/or destruction of property under any circumstance;

6. Yelling, screaming, or calling members (prospective or actual) demeaning names, or restricting normal routine social interaction;

7. Engaging in behavior that a reasonable, similarly situated, person would consider humiliating and or degrading to others;

8. Forcing, requiring or endorsing new members to violate university policies, organization/association bylaws, team rules and/or any local, state, or federal law.

G. Exclusions: This policy is not intended to prohibit the following conduct:

1. Customary public athletic events, contests or competitions as sponsored by the University;

2. Activity or conduct that furthers the goals of NMSU educational curriculum, extracurricular program, military training program, or other official university function or program.

H. Duty to Report: Prevention of hazing, bullying, hostile misconduct and retaliation is the responsibility of every member of the university community. Each organization, association, athletic team, department, unit, division, as well as each individual, has the obligation to report incidents that are believed to be associated with hazing, bullying, hostile misconduct, or retaliation, to the Office of Student Judicial Services, the Office of Institutional Equity, the NMSU Police Department, or other university supervisor or official independent from the offensive
I. Prompt Investigation and Corrective Action: All alleged incidents of hazing, bullying and other non-discriminatory hostile misconduct or retaliation addressed by this policy will be taken seriously, shall be investigated and when warranted, corrective or disciplinary action will be taken.

1. An objective, confidential investigation will be conducted by the supervisor, in consultation with the Office of Human Resource Services, into each complaint received.

2. The actions or omissions subject of a complaint and substantiated by investigation will be assessed based on the totality of the circumstances, and will involve making a determination whether the alleged hostile misconduct was sufficiently severe, pervasive or persistent such that a similarly situated reasonable person would be significantly and adversely impacted in his or her ability to benefit from the educational or work opportunities provided by the institution.

3. Substantiated violations will result in administrative, civil and/or criminal sanctions to the offending employee, student or student organization.

4. One or more of the following offices or processes may be involved in affording relief to the person who has experienced the hazing, bullying, hostile misconduct or retaliation: the Employee Assistance Program, Counseling Center, Employee Health Services, Student Health Center, the Office of Student Judicial Services, the administrative review process of the Department of Campus Activities, the Social Misconduct Review Board of the Department of Athletics, the Office of Housing and Residential Life, the appropriate supervisor in coordination with the Office of Human Resource Services in accordance with the applicable NMSU grievance and /or disciplinary process, as well as through the appropriate local, state, and/or federal law enforcement agencies.

A. Policy Statements: Faculty and academic administrators have an important role in the governance of a university. In recognition of that role, distinct rules and procedures must be maintained which establish the unique rights and responsibilities of faculty. This policy and the rules and procedures authorized by here apply only to individuals holding faculty appointments or faculty rank. The HR Rules authorized in Regents Policy 4.00 and reflected in the ARP also apply to those holding faculty appointments or faculty rank, unless otherwise stated.

B. Authorization: The Regents of New Mexico State University authorize the Executive Vice President and Provost, as the university system’s chief academic officer, in consultation with the faculty through the Faculty Senate, to formulate and amend the Administrative Rules and Procedures (Rules) addressing the rights and responsibilities of the individuals appointed to faculty or academic administrator positions. Such Rules shall be consistent with this policy, and shall be enacted in accordance with Regents Policy 1.10 and Rule 1.10, and consistent with the shared governance provisions of Policy 1.05.70. Such Rules will include, but are not limited to the following:

1. The establishment of various types and ranks of faculty appointments and the qualifications, roles and responsibilities of each.
2. The regulation of faculty work assignments, including the rules governing outside consulting and conflicts of interest.
3. The process or methodology by which decisions are made relating to faculty compensation and awards, subject to the Board’s authority to approve the budget.
4. The process by which faculty may seek redress for grievances.
5. A requirement that the work performance of all faculty shall be evaluated annually by the appropriate dean or other academic administrator.
6. The process and criteria required for promotion amongst the faculty ranks.
7. The process and criteria required for an award of tenure following the probationary period.
8. The process by which tenured faculty who demonstrate less than satisfactory work performance will be reviewed, mentored and supervised more frequently than the annual performance evaluation process.
9. The establishment of the qualifications, and roles and responsibilities of academic administration.
10. The process and criteria for the search, appointment, periodic performance evaluation, and reassignment of academic administrators other than the chancellor.
11. The processes by which suspected or alleged faculty misconduct may be investigated; additionally, the process by which discipline will be imposed if misconduct is substantiated, including the right to appeal from the investigative findings and/or the level of discipline.
12. The process for nonrenewal of a faculty contract and termination of a faculty appointment.

5.05 **Academic Freedom**

The quest for truth often leads the scholar into difficult and untried territory. As a dealer in ideas, the teacher or researcher comes often in conflict with prevailing belief of large segments of society and even with those of colleagues. Yet, because of the practical benefits of scholarly activity, it is profoundly important that this diversity of ideas be not only tolerated, but encouraged. The right to support unorthodox positions, arrived at through scholarly investigation, free from coercion or reprisals, is fundamental to the continued progress of society. The right to pursue unpopular lines of inquiry and express new and unaccepted ideas falls within the framework of a special set of guarantees called academic freedom. In granting these guarantees, society expresses a willingness to risk the consequences because history confirms that the risk is outweighed by the benefits stemming from such a policy. Scholars are entitled to full freedom in the conduct of their research and publication of the results, and full freedom in the classroom to discuss those topics in which they are professionally experts as determined by their credentials. The exercise of this freedom carries with it the burden of corollary responsibilities. Scholars must not knowingly misrepresent facts. They must be careful in their teaching not to introduce controversial matter bearing no relationship to their subjects. They must exercise appropriate restraint and guard against distortions and inaccuracies. Outside their academic roles, as private citizens, scholars have no special privileges. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As persons of learning and educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that they are not speaking for the institution. Institutions of higher education are conducted for the common good and not to further the interest of either the individual scholar or the institution as a whole. The Board of Regents recognizes that it is not possible to define, with any great precision, the limits of academic freedom in the complex world of ideas. The gray areas are practically endless and the final judgment of what is acceptable and reasonable must be left by society to the academic community itself. The scholar's own colleagues and institution must bear the brunt of public criticism, have the most to lose from withdrawal of public trust, and are, therefore, in the best position to balance the issues of academic freedom and responsibility.

9.00 Real Estate, Capital Improvements and other Physical Resources

A. Policy Statements: NMSU is dedicated to the responsible stewardship of its extensive physical resources including real estate, water rights, buildings, other capital improvements, and a wide variety of personal property including equipment and materials. Legal title to all physical assets, real and personal, is vested in the Board of Regents as the body corporate (NMSA 1978 §§ 21-3-4 et seq.), without regard to the academic or administrative entity that occupies or otherwise uses the asset. NMSU shall preserve adequate land holdings and water rights to meet all current and foreseeable academic and support needs. NMSU shall seek to enhance and maximize the productivity of those assets which exceed the current needs of university operations in a prudent manner that is designed to provide as much benefit to the university as feasible.

B. Reservation of Authority: The Regents are responsible for ensuring the efficient and appropriate acquisition, use, maintenance, and disposition of the University’s physical resources. Toward that end, each of the following actions or events require approval of the Regents:

1. The purchase, acquisition, sale, lease, encumbrance or mortgage of real estate or water rights.
2. Any transaction which would permanently affect NMSU’s rights in real estate or water rights.
3. Any capital project which results in the addition of building square footage, whether from the construction of new facilities or addition to existing facilities or purchase of portable structures.
4. Any proposal to issue bonds for capital improvements.
5. Any alteration or site improvement costing over $300,000.
6. Any demolition of all or any portion of an existing building.
7. Any increase of more than 10% of the budget or reduction of more than 10% in the gross square footage of an approved capital project.
8. Proposals for the use of any funds derived from the sale, lease or transfer of real estate interests or water rights.
9. Any proposal for disposition of obsolete, worn out or unusable tangible personal property on the university capital asset list.
10. The adoption of campus master plans for each campus.

C. Rulemaking Authorization: The Regents of New Mexico State University authorize the Chancellor to formulate and amend the Administrative Rules and Procedures (Rules) addressing the management of the university’s real estate, water rights, capital improvement projects, construction projects, campus space and use planning, maintenance and repair of university facilities and grounds, equipment and supply inventory. Such Rules shall be consistent with this policy.

D. Delegation of Authority: Notwithstanding the reservation of authority set forth in section B above, the Board of Regents delegates authority and responsibility for reviewing, approving and executing the following types of transactions to the Chancellor or designee:

1. Real estate transactions involving a term exceeding ten (10) years, including any options to extend;
2. Real estate transactions which involve a total university cost or liability (excluding operating expenses) of no more than $100,000 per year; and
3. Real estate easements which grant a specific, limited use of real property for a term not to exceed ten (10) years. Such uses shall include agreements relating to access, utilities installations, data/telecommunications facilities, rights of way, ingress, egress, sanitary sewers, pipelines and drainage.

E. Repeal of Related Policies: By previous action of the Board of Regents on October 21, 2015, the contents of the former NMSU Policy Manual were replicated in the Administrative Rules and Procedures of NMSU (the ARP) and remain in full force and effect. Upon adoption of this policy, the remaining policies in Title 9 of the
Regents Policy Manual are repealed from the Regents Policy Manual, but remain in effect in the ARP until amended or repealed.

A. **Policy Statements**: The acquisition, ownership, display and professional preservation of NMSU’s collections of art, archival records, cultural artifacts and natural history specimens are integral to the support of the teaching, research, and community engagement components of the university’s mission. Decisions and the administrative rules and procedures regulating the acquisition, management, and de-accession of art, and other cultural, historic or scientific objects or collections shall give due consideration to a variety of stakeholder perspectives and concerns, consistent with applicable state, federal and international laws.

1. Funding for the acquisition, restoration or preservation, or improvements required for the proper display or handling of any item or collection which will require expenditure of additional NMSU funds in excess of those budgeted.
2. Acceptance of donor gifts which in the opinion of administration will adversely impact the stewardship of the university’s existing collections or includes onerous or lengthy restrictions or commitments regarding the display or deaccession of the gifted object(s).

3. De-accession of items, collections or pieces from a collection which requires formal action by the Board of Regents and/or additional action by other state entities or offices;

4. De-accession of an individual item, a collection, or any part of a collection which in the opinion of the majority of the members of the official custodian and fellow scholars has extraordinary monetary, historical, cultural, scientific or historical value and significance.

Of the 66 elected senators, 60 shall be tenured or tenure-track faculty allocated as given below:

- 2 from NMSU-Carlsbad;
- 1 from NMSU Grants;
- 3 from the Cooperative Extension Service;
- 1 from the university Library; and
- the remaining 46 tenure-track members shall be divided into 2 categories, 23 elected from the Las Cruces campus’s colleges in proportion to the number of majors enrolled (both graduate and undergraduate) and attending the main campus academic departments, and 23 elected from the Las Cruces campus’s colleges in proportion to the number of tenured and tenure-track faculty in the main campus academic departments in each college.

The remaining 6 members shall be regular non-tenure-track faculty members: 1 representing all 4 NMSU community colleges; 1 from the Cooperative Extension Service; and 4 nominated and elected at large from the main campus, with the following stipulations: a) no more than 1 non-tenure-track representative from any department may serve at the same time, and b) no more than 2 non-tenure-track representatives from any of the senate electing groups as defined in Article VI, Section A may serve at the same time.

Section B: For colleges in which the number of departments exceeds or equals the number of elected senators, no more than one elected senator shall serve from a single department. For colleges in which the number of departments is less than the number of elected senators, there shall be at least one elected senator from each
ARTICLE IV – ELECTION OF SENATORS

Section A: The Faculty Senate consists of 10 representative groups. Six representative groups consist of tenured and tenure-track faculty from the Las Cruces Campus’s six colleges. Three representative groups consist of tenured and tenure-track faculty from the Community Colleges, the Cooperative Extension Service, and the University Library. One representative group consists of non-tenure track faculty. For the purposes of defining the representative groups, faculty with appointments in the Agricultural Experiment Station are considered members of the College of Agriculture, Consumer, and Environmental Sciences. Faculty, as defined in Article I, may only vote for senators from their representative group. For faculty who hold appointments in more than one representative group, they may only vote for senators from the group which is the largest fraction of their appointment.

Section B: Elections of senators for each representative group except Cooperative Extension Service will occur in March. Cooperative Extension Service senators shall be elected during the annual conference of the Cooperative Extension Service.

Section C: The Faculty Senate Vice Chair, or their designee with approval of the Faculty Senate as a whole, will oversee the election of Senators. The election of senators for each representative group will be conducted by the senior senator of that representative group who will be designated as the Chair of the representative group. Faculty may be nominated by the Group Chair and by faculty members from that representative group; the Group Chair will solicit nominations from the group. Elections shall be by a secure electronic method or, at the discretion of the Faculty Senate Chair and with the concurrence of the Faculty Senate as a whole, by secret written ballot. In the event of a tie vote, the result shall be determined by lot. Within ten (10) business days after the election, the Faculty Senate Vice Chair shall inform the Faculty Senate Chair, the recording secretary, and the Group Chairs of the results. The Group Chair will inform the nominees of the results.

*In case of a tie in consecutive service, cumulative service in the Faculty Senate will determine the senior senator. Should a tie still exist, the senior senator will be determined by lot.

ARTICLE V – TERM OF OFFICE OF ELECTED SENATORS

Section A: The Faculty Senate year shall begin immediately following the last day of the second semester of an academic year and end the last day of the second semester of the next academic year.

Section B: The usual term of office for elected senators shall be 3 years. However, when reapportionment makes it necessary, the terms of some newly-elected senators shall be for 1, 2, or 3 years so that the terms of an approximately equal number of senators from each faculty electing group expire each subsequent year. No faculty member shall be elected to a Faculty Senate term which will result in more than seven consecutive years of service. The Chair of the Faculty Senate shall be responsible for implementing this section.

Section C: Vacancies in the Faculty Senate created by the expiration of members’ terms of office shall be filled at the regular annual elections.

Section D: In the case of the death, resignation, or retirement of a member of the Faculty Senate, a successor shall be elected to fill out the unexpired term at a special election called for that purpose. The provisions of Article IV, Section C, shall apply to such election.

Section E: In the case of a leave of absence of a member of the Faculty Senate, a special election shall be called to elect a temporary replacement who shall serve until the absent member returns from leave or until the member’s term of office has expired, whichever occurs first. The provisions of Article IV, Section C, shall apply to such election.

ARTICLE VI – OFFICERS

Section A: The eight senate electing groups are:

1. the four senators representing the four community colleges;
2. the senator representing the university Library and the senators representing the College of Arts and Sciences;
3. the three senators representing the Cooperative Extension Service, the senators representing the College of Agricultural, Consumer and Environmental Sciences, and the Agriculture Experiment Station;
4. the 6 senators representing the non-tenure-track faculty;
5. the senators representing the College of Business;
6. the senators representing the College of Education;
7. the senators representing the College of Engineering; and
8. the senators representing Health and Social Services

Each of the above shall each constitute separate senate electing groups.

Section B: The officers of the Faculty Senate shall be a Chair, Vice Chair, a parliamentarian, and a recording secretary. The terms of the Senate Chair and Vice Chair shall begin on the first day following the end of the spring semester and end on the last day of the following spring semester. The Faculty Senate Chair shall not serve more than two consecutive terms, but may serve as Faculty Senate Chair again after serving at least one year as a non-chairing senator. The parliamentarian and the recording secretary shall be appointed by the Senate Chair with the approval of the Faculty Senate. The Senate Chair and Vice Chair shall be elected members of the Faculty Senate, representing different senate electing groups.

Section C: The Faculty Senate Chair, or their designee with approval of the Faculty Senate as a whole, will oversee the election of the Faculty Senate Chair. The Faculty Senate shall elect two nominees for the position of Chair at the December meeting, one of whom may be the current Faculty Senate Chair. The nominees must be current, elected members of the senate at the time of nomination and must intend to continue as active (non-retired) faculty during the following academic year. The current Faculty Senate Chair shall be considered to be a current, elected member of the senate even if their original senate term has expired. Within sixty (60) calendar days of these nominations, the person overseeing the election shall create a secure electronic ballot and notify all faculty as defined in Article I of its availability or, with approval of the Faculty Senate as a whole, prepare and mail a ballot to all faculty. The person overseeing the election along with the Faculty Senate recording secretary will be responsible for tabulating the results and announcing the winner. The winner of the election, until assuming the office of the chair, will be designated the chair-elect. The chair-elect shall not be from the same senate electing group as the Chair (except when the current Chair is re-elected). If the chair-elect would otherwise still have been serving in the senate during the ensuing term of office, a replacement shall be elected by the appropriate representative group to serve during the Chair’s term. Should the Chair become unable to perform their duties, the Vice Chair shall fulfill the remainder of the Chair’s term of office.

Section D: At the end of the last meeting of the senate year, the elected senators for the next year from each senate electing group shall caucus and elect their members to the Senate Leadership Committee. This Senate Leadership Committee shall then caucus and elect its Chair, who will also be Vice Chair of the senate. These actions shall be reported in the minutes of the last Faculty Senate meeting. Should the office of Vice Chair become vacant, the Chair of the Faculty Senate shall call a special meeting of the Senate Leadership Committee to elect a new Chair of the Senate Leadership Committee.

ARTICLE VII – COMMITTEES

Section A: The standing committees of the Faculty Senate shall be the Senate Leadership Committee, Scholastic Affairs, University Affairs, Faculty Affairs, and Long-Range Planning.

Section B: The membership of the standing committees shall be as follows:

1. Senate Leadership Committee: The Senate Leadership Committee shall consist of one member from each senate electing group for each five elected senators or major fraction thereof. Each electing group shall have at least one member regardless of its senate representation. Vacancies shall be filled by the elected senators from the senate electing groups. The four standing committee Chairs will serve as members.
2. Committees on Scholastic Affairs, University Affairs, Faculty Affairs, and Long-Range Planning. Each committee shall consist of at least 13 voting members as assigned from the elected senators by the Senate Leadership Committee. Senators not employed on the main campus need not be counted in the determination of a quorum. Each elected senator shall serve on one, and no more than one, of these four
committees, with the exception of the Chair of the Senate Leadership Committee, who need only serve on that committee. Each committee shall elect a Chair at its first meeting.

3. Committee of the Whole: The Faculty Senate by majority vote may convene as a Committee of the Whole to discuss and shape possible legislation pertaining to a particular issue. While sitting as a Committee of the Whole, the Faculty Senate may not pass new resolutions.

Section C: A term of committee membership shall be 1 year. Members may serve more than one term.

ARTICLE VIII – MEETINGS

Section A: Meetings of the Faculty Senate shall take place no less frequently than once a month during the academic year, but only on a special meeting basis during the summer sessions.

Section B: The time and place of each regular meeting shall be determined by the Senate Leadership Committee.

Section C: The Chair of the senate or, in the absence of the Senate Chair, the Vice Chair, may call special meetings at any time. A special meeting shall be limited to the consideration of the specific items of business designated in the call of the meeting.

Section D: The University President and the Executive Vice President and Provost shall have the right to attend and participate in all meetings of the Faculty Senate and its committees. Any member of the university community may attend regular meetings of the Faculty Senate and its committees, and by invitation may participate in the discussions and deliberations.

Section E: A majority of the voting members of the Faculty Senate shall constitute a quorum.

Section F: The rules contained in the current edition of Robert’s Rules of Order shall govern the parliamentary procedures of the Faculty Senate in all cases to which they are applicable and in which they are not inconsistent with the Constitution and any bylaws the Faculty Senate may adopt.

Section G: The officers of the Senate shall make arrangements for its meetings. The Senate Chair will send a notice of the meeting and an agenda to each member of the Faculty Senate and will also send copies of committee reports to each senator.

Section H: Faculty electing groups represented by a senator not located on the main campus may send an elected alternate to substitute for that representative at meetings of the Faculty Senate and its committees. The Faculty Senate may seat the substitute with the right to participate and vote in the Faculty Senate and/or its committees.

ARTICLE IX – PROPOSITIONS FOR CONSIDERATION

Section A: Propositions to be considered by the Faculty Senate shall be presented initially to the Senate Leadership Committee by one or more voting or nonvoting senators. First-time propositions will not be sponsored or presented in the name of standing or ad hoc committees.

Section B: Each proposition shall be prepared in writing and signed by the presenting senator(s). Propositions shall be keyed to affected portions of the New Mexico State University Policy Manual or other policy document(s) so as to indicate the intended changes. At least one day prior to the time of presentation, copies of the proposition shall be distributed to members of the Senate Leadership Committee by the recording secretary of the Faculty Senate. The distribution may be electronically as attachments to email.

Section C: Normally, a proposition shall be given first reading and explanation by the presenting senator(s), and then referred to the appropriate committee(s) by the Vice Chair of the senate during the Senate Leadership Committee meeting in which the proposition is first presented. A challenge to the referral to committee may be made by any senator present at the meeting. The decision of the Senate Leadership Committee to which referral shall be made will then be by majority vote of the senators present. In exceptional cases, a proposition may be considered by the Faculty Senate as emergency legislation without referral to its committees, provided either:
1. previous notice and an outline of the nature of the proposition was given in the agenda of the meeting and the senate accepts consideration of the proposition by a two-thirds vote, or
2. lacking previous notice, the senate accepts consideration of the proposition by a three-fourths vote.

Section D: Committees shall hold hearings on all propositions referred to them. These hearings shall be open to the public so that all individuals interested in propositions may make presentations to the committee. The decision as to the nature of a committee’s report on each proposition shall be by majority vote of the committee. Commentary for and against the proposition may be submitted with the report. Propositions shall be reported out with one of four recommendations to the Senate:

1. Recommend for passage;
2. Recommend against passage;
3. Recommend replacement by a committee-drawn substitute; or
4. Recommend senate discussion.

Section E: Propositions shall be reported out by the committees and forwarded to the recording secretary of the Faculty Senate and the Faculty Senate Chair prior to the Faculty Senate meeting next following first reading. A committee shall be given additional time when its Chair, prior to that next meeting, notifies the recording secretary of the Faculty Senate and the Faculty Senate Chair that additional time is needed. In no case, however, shall committee deliberation of a proposition extend beyond the second regular Faculty Senate meeting following first reading of the proposition. The recording secretary shall be responsible for informing the Faculty Senate Chair of violation of this provision.

Section F: Legislation reported out of committee shall be placed on the Faculty Senate agenda for full consideration in any of four possible circumstances:

- If the committee recommends for passage.
- If the committee recommends against passage but the Faculty Senate, after debate, votes for full consideration.
- If the committee recommends a substitute motion and the Faculty Senate votes for full consideration.
- If the committee recommends Faculty Senate discussion: in this case, after Faculty Senate debate, the proposition may be referred to a committee for further consideration.

The legislation shall be considered defeated if it does not receive full Faculty Senate consideration. When the unfinished business portion of the agenda is reached, each of the items that have been voted full Faculty Senate consideration shall be moved for adoption and will thus be subject to debate, amendment, and normal parliamentary procedures. However, when a committee recommends Senate discussion, referral back to a committee must precede final passage.

ARTICLE X – AMENDMENTS

Section A: Amendments to this constitution shall be initiated as propositions and shall initially follow the procedures of Article IX. Upon passage by the Faculty Senate and under the oversight of the Faculty Senate Vice Chair, amendments shall be posted electronically to the Faculty Senate website and notification of the posting sent to all faculty who are qualified to vote or, at the discretion of the Faculty Senate Chair and with the concurrence of the Faculty Senate as a whole, duplicated and distributed to all members of the faculty who are qualified to vote.

Section B: Such proposed amendments shall be considered as adopted when approved by an affirmative vote of two-thirds of the qualified members of the faculty who vote. Such voting shall be by a secure electronic method or, at the discretion of the Faculty Senate Chair and with the concurrence of the Faculty Senate as a whole, secret written ballot.

Section C: This constitution may also be amended by an initiative and referendum election. Such an initiative shall specify the amendment(s) to be made and shall require the signatures of 10 percent of the faculty as defined in Article I. Verification of the signatures upon the initiative shall be by the officers of the Faculty Senate. Upon verification, such amendments shall be submitted directly to the faculty without prior approval of the Faculty Senate. The amendment(s) shall be considered as adopted when approved by an affirmative vote of two-thirds of the qualified members of the faculty who vote.
ARTICLE XI – BYLAWS

Section A: All procedural decisions and guidelines adopted by the Faculty Senate to implement its constitution shall be appended to that document in an addendum to be labeled “Bylaws”.

Section B: Adoption and amendment of bylaws shall be by a simple majority vote of the Faculty Senate. Presentation of proposed bylaws or amendments thereof shall follow the procedure for presentation of proposals detailed in Article IX of this constitution.
