Join us for a special screening of *The Four Hijabs*, an entertaining and highly accessible animated short film that explores the multiple meanings of four hijabs mentioned in 16 Qur'anic verses through Arab-Muslim feminist lenses:

- The visual hijab (the modest dress of both Muslim men and women)
- The spatial hijab (the separator between private and public spaces)
- The ethical hijab (ethical values/practices required of all Muslims)
- The spiritual hijab (the barrier that inhibits deep spiritual growth and new knowledge)

The film screening will be followed by a panel discussion, featuring co-authors Dr. Manal Hamzeh and Jamil Khoury.
