SUBJECT: 2015 Employee Compensation and Benefits Statement

In recent conversations, our Board of Regents suggested that we provide a summary to our employees outlining the total value of the compensation packages and the benefits employees receive for working at NMSU.

Your personalized compensation and benefit statement for the 2015 calendar year is now available by logging into *MyNMSU*. Current employees who had earnings in 2015 will receive the statement. If you have any questions, please e-mail them to benefits@nmsu.edu.

We appreciate your hard work. Thank you for everything you do to make this a great university and a caring community that transforms lives through discovery.
