

## **Kenny Stevens**

Associate Professor, Dept. of Engineering Technology and Surveying  
New Mexico State University, Las Cruces, New Mexico 88003

Office: 505-646-2491

Fax: 505-646-6107

Email: kstevens@nmsu.edu

### **Education**

1983 B.S. Civil Engineering, New Mexico State University  
1983 B.A. Spanish, New Mexico State University  
1990 M.S. Civil Engineering, New Mexico State University

### **Professional Experience**

1997-1999 Project Engineer with the Southwest Technology Development Institute  
1995-1997 Project Engineer with CARE International in Mozambique, SE Africa  
1991-1995 Research Engineer at NMSU Dept. of Civil Engineering.  
On the side Manage water-well drilling operations for small company in the Mesilla Valley. Well depths average between 75-150 feet using a direct rotary rig.

### **Primary Research Interests**

Solar Water Distillation, Groundwater Hydrology, Renewable Energy

### **Professional Activities and Honors (last 6 years)**

Current Member, American Society of Civil Engineers  
Faculty Advisor, NMSU Student Chapter  
Committee Member, "Body of Knowledge" committee  
Member, ETZ Ad Hoc Committee on Standards Revision, Doña Ana County  
Fluent in Spanish and Portuguese, conversant in French  
2003 Teacher of the Year, Dept. of Engineering Technology, NMSU  
2000 Roush Award for Teaching Excellence, College of Engineering, NMSU
