

William C. Lindemann

Professor, Soil Microbiology and Environmental Science, Plant and Environmental Sciences, New Mexico State University, Las Cruces, New Mexico 88003

Office: 505-646-1907

Fax: 505-646-6041

Email: wwindema@nmsu.edu

Education

1978 Ph.D. Soil Science, University of Minnesota
1974 M.S. Soil Science, University of Minnesota
1970 B.S. Plant Industries, Southern Illinois University

Professional Experience

1991-Present Professor, Plant and Environmental Sciences, NMSU
1985-1990 Associate Professor, NMSU
1980-1985 Assistant Professor, NMSU
1978-1979 Visiting Assistant Professor, NMSU
1974-1975 Research and Production Assistant

Primary Research Interests

Soil microbiology-biochemistry-fertility; influence of soil microbial processes on plant growth and environmental contamination; nodulation and nitrogen fixation of legumes; N mineralization and transformations in green manures; biosolids and manure amended soils; N cycling in agricultural and natural ecosystems; reclamation of disturbed lands; microbial manipulation of contaminated soils

Professional Activities and Honors (last 6 years)

2000-Present Program Director for Environmental Science Interdisciplinary Degree
2000-Present ARPACS certified Soil Scientist and Agronomist
2000-Present Numerous committees for the Soil Science Society of America and American Society of Agronomy
2005 Chair, Graduate Faculty Council
2005 Chair, Agronomy and Horticulture Promotion and Tenure Committee
2004 Distinguished Teaching Award, College of Agriculture and Home Economics
2004 Department of Agronomy and Horticulture Appreciation Award
2003 External Reviewer, Southern Illinois University Teaching and Research Programs
2000 National Council of Soil Science Examiners
